## SEMINAR TOUR

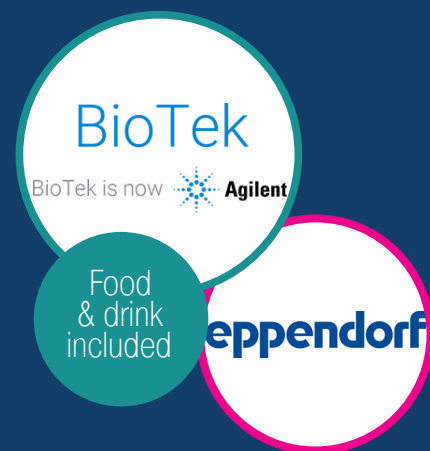

# “Unleash Your Potential” – Automation made easy

Too much work or inaccurate results?

Learn how to save time and increase reliability with automation:

- Increased accuracy and reproducibility for your assays
- Simple, repeatable, and precise liquid handling every time
- Free your time and avoid the repetitive hand strain injury

Speakers: Marika Tallgren from AH diagnostics and Michael Kern-Jespersen from Eppendorf

Join us and hear more about Agilent Biotek plate washers and readers and Eppendorf epMotion liquid handler.

How these instruments can help your daily work in ELISA workflow, DNA/RNA Extraction, PCR or qPCR setup or in NGS reaction setup.

Tuesday, September 26  
Kuopio,  
Bioteknia I,  
AIV seminar room 3208  
13.00-14.30

Wednesday, September 27  
Tampere, Kauppi Campus,  
Arvo building,  
meeting room C333  
09:30-11:00

Thursday, September 28  
Turku  
ElectroCity,  
Ampere-Braun meeting room  
09.30-11.00

**SIGNUP** ▶ Seats are limited – Register at [www.ahdiagnostics.fi](http://www.ahdiagnostics.fi)
