

Nordic Product Manager, Immunology

We are looking for a Nordic Product Manager, Immunology to strengthen our Nordic team. A full-time position placed at one of our offices in the Nordics.

The Position

The Nordic Product Manager, Immunology will be responsible for business development within immunology/IVDR, suppliers, and sales at selected key accounts across the Nordic countries. The product portfolio will include high-quality and exclusive brands within immunology reagents and kits. The job is combined field and office based.

Principal Accountabilities

- Overall responsible for defined portfolio across the Nordic countries, as well as sales budget, marketing, supplier relations and KPIs according to Business plan
- Responsible for business development within immunology and implementation of product strategy. Responsible for delivery of content to the marketing department
- Collaborate with suppliers according to AH diagnostics' values and business strategy
- Responsible for tender processes and negotiation of contracts with key accounts and purchase departments. Establish connections and customer relationships with the strategic procurement departments
- Pro-actively maintain existing business base through implementation of key account management, working with key internal and external stakeholders. Actively seeking new business opportunities
- Work together with the Nordic team to develop sales strategies for the defined products

Background and Competences:

- MSc (Master of Science), BSc (Bachelor of Science), Medical Laboratory Technologist or equivalent qualification in a scientific subject and significant experience in a similar role
- High level of negotiation skills and experience in working with supplier contracts, tenders and framework agreements
- Strong business understanding, and analytical skills. Good understanding of business management systems, including Excel, Word, PowerPoint, and CRM tools
- High knowledge of clinical immunology and IVDR
- Fluent in local language and negotiation level in English - both in written and spoken language
- Driving license
- Demonstrated ability to work alone and as a part of a team
- Ability to travel and work flexible hours

We Offer

We offer you an exciting and challenging position in a growing Nordic company. A position with continuous personal development and strong empowerment. We have a constant focus on being able to offer innovative and unique products within Life Science and diagnostics. A business environment where customers are at the center and where we combine humor with business. We offer a good salary package including, bonus, pension etc.
